Decision Point to CCIR Crosswalk

#	Decision Point	Authority	FFIR	PIR	Recommended Action
1	Approve Vaccination "order to vaccinate"	CVTF	- Has the FDA authorized? - Has the ACIP Guidance been issued? - Has the DHA released IPM/Policy? - Are vaccination sites prepared to receive IAW checklist (CONUS/OCONUS) ? - If paused has DHA recommended restart?	- N/A	-Direct vaccination of Phase 1 Personnel (first time) - Direct vaccination of remaining current phase personnel (resumption of vaccination)
2	Re-Prioritize Phase	CVTF	- Have Vaccine allocations exceeded expected number of DoD staff in the current phase?	- Have events occurred that warrant DoD Phase to have vaccination above another?	- Issue FRAGO
3	Open Vaccine to next Phase in DoD Schema	CVTF/ SERVICES	- Does available vaccine exceed current Phase projected participants? - Have 60% of doses been allocated per Phase? - Has vaccination site maintained 30% vaccine in storage for more than 1 week? - Is there excess vaccine?	- Have events occurred that warrant DoD Phase to have vaccination above another?	- Issue FRAGO - Decentralize vaccination distribution process
4	Ship OCONUS	SERVICES	- Has customs clearance been obtained? - Have CCMDs submitted CONOPs for distribution plan? - Are OCONUS vaccination sites prepared to receive IAW checklist?	- Have prior EUA Vaccine manufacturers been unable to ship OCONUS? - Has DLA been unable to ship Vaccine OCONUS?	- Issue FRAGO for OCONUS services and DLA to receive, ship, and handle Vaccine for OCONUS vaccination
5	Controlled Pilot validated	DHA	-Have transition criteria been met? -Has risk been mitigated to an acceptable level?		- Recommend moving to Phase 2b
6	Pause vaccination	SECDEF	- Has Manufacturer ceased production? - Has a local vaccination site paused vaccination? - Has Vaccine Adverse Event Reporting System (VAERS) data shown major concerns for vaccine safety? - Has DHA recommended a pause (issue non-specific)?	-Has FDA recalled vaccine? -Has FDA made a decision on vaccinations based on VAERS data? -Are Vaccine manufacturers or commercial distribution chains negatively impacted in their ability to deliver Vaccine to designated civilian and military locations?	- DHA DIR recommends pausing vaccination to OSD - Issue FRAGO/Issue Medical Material Quality Control (MMQC)
7	Shift From Voluntary to Mandatory Vaccination	SECDEF	- Has FDA granted full licensure? - Has POTUS signed emergency waiver for EUA? - Impact to readiness?	- Have events occurred that warrant DoD Phase to have vaccination above another?	- Maintain as voluntary OR issue ASD HA Policy (Branch Plan) OR recommend POTUS waiver
