

CS03 Display Material BOM

This document demonstrates how to display the material BOM.

The sample values used are for demonstration only; in the live system you will use data relevant to your organization.

The screenshot shows the 'Display material BOM: Initial Screen' interface. The 'Material' field contains the value '00-001-0446'. The 'BOM Usage' field contains the value '1'. A red box highlights the 'Material' field, and a yellow circle with the number '1' points to the 'BOM Usage' field.

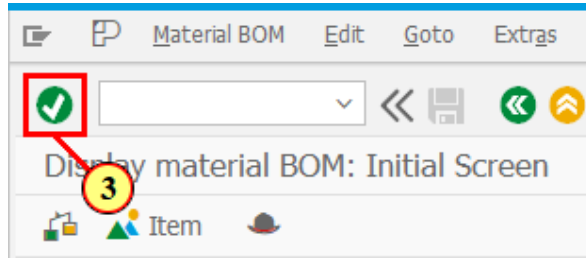

Enter any NIIN that is currently a BOM in the **Material** field.

1. Enter **00-001-0446** in the **Material** field.

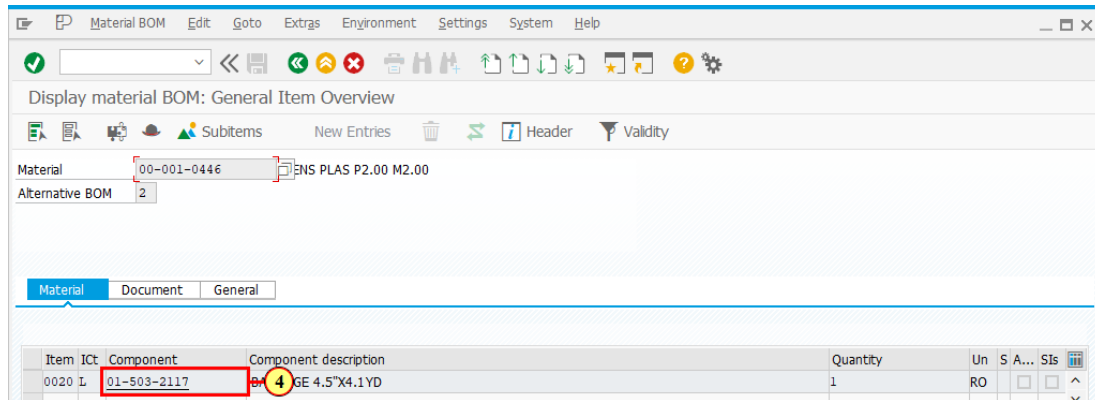

The screenshot shows the 'Display material BOM: Initial Screen' interface. The 'Material' field contains the value '00-001-0446'. The 'BOM Usage' field contains the value '1'. A red box highlights the 'BOM Usage' field, and a yellow circle with the number '2' points to it.

2. Enter **1** in the **BOM Usage** field.
