

Research before submitting a New Item Request

- Log into the DLA website
- Register for ECAT and MEDPDB
- Research ECAT for Dental, Lab or other med surg products.
- Research MEDPDB for med surg products/will give you Prime Vendor numbers if available
- If still not in our catalog then submit an NIR

Getting Started with MEDPDB

- DMMonline: <https://dmmonline.dscp.dla.mil/Portal/>
- CAC login required
- Click on “Site Login”: slide 3
- Click on “New User Registration” to create an account slide 4
- Complete the application form. At the bottom of the form register for the applications as needed
- The site administrators will notify you of your user name

DLA Medical Supply Chain

DMLSS-Wholesale
Our mission is to modernize the entire military health care logistics supply chain.

Our Logistics Applications

Customer Services

- Contact Medical
- Order a product
- Check my ECAT orders
- Report materiel complaints
- Report Discrepancy to DLA
- Update my profile

Supplier Information

- Sell my products
- Learn about DAPAs
- More Supplier Information

MSC Programs & Initiatives

- DML Enterprise Architecture
- Data Synchronization
- Go Green Program
- Regional Standardization

Medical Supply Chain (MSC) Mission

DMMonline is the official website for the DLA Troop Support Medical Supply Chain (MSC). Our mission is to provide the military medical community the products and services needed every day for every crisis around the world. Our goal is to provide our customers and commercial trading partners a convenient, state-of-the-art, readily accessible web portal that enables them to efficiently and effectively accomplish their business.

D. Troy Molnar, Col, USAF, FACHE
Director
Medical Supply Chain

Program Spotlight - DAPA Management System

A Distribution and Pricing Agreement (DAPA) establishes both the selling price of a product and an affirmation from the DAPA-holder, or supplier, to allow selected prime vendors to distribute its products. [Visit our new section...](#)

MSC's Monthly Green Tip:

Rechargeable batteries are a great example of material conservation. [View this month's tips...](#)

Medical Product Data Bank

MedPDB has a new home! The DoD/VA Joint Medical Product Data Bank (MedPDB) is now available through DMMonline! [Learn more...](#)

As you can see this item was ordered by WT4J8S in the past and what material number was used to order this item now go to USAMMC-Ks catalog and see if the item is found to place order

ECAT Menu

The screenshot displays the ECAT Order Products web application interface. The browser window title is "ECAT - Windows Internet Explorer" and the address bar shows "https://dmmonline.dscp.dla.mil/ecat/orderprod/ecathome.aspx". The page header includes "ECAT Order Products 2.4.5.0" and "Logged In As- Robert Pineda". The main content area is titled "Search Our Product Catalogs" and features four search methods:

- 1 By Product Number:** Includes a dropdown for "Part Number", an "Enter Number" field, and a "Search" button.
- 2 By Product Name:** Includes an "Enter Keywords" field, a "Narrow Further By Manuf. Name" dropdown, an "And / Or Supplier Name" dropdown, and a "Search" button.
- 3 By Item ID:** Includes a "First, select a supplier" dropdown, a "Second, select a catalog" dropdown, a "Third, select an item" dropdown, and a "Search" button.
- 4 By Category:** Includes three dropdowns for "First, select a Product Category", "Second, select a Product Line", and "Third, select a Subcategory", with a "Search" button.

Red arrows point from the text "Different Search types" to each of the four search method sections. A link at the bottom of the search area reads "Order Lookup has moved. Please click here." The footer contains the DMMonline logo, contact information for official use, and a "Trusted sites" indicator.
