and record system training

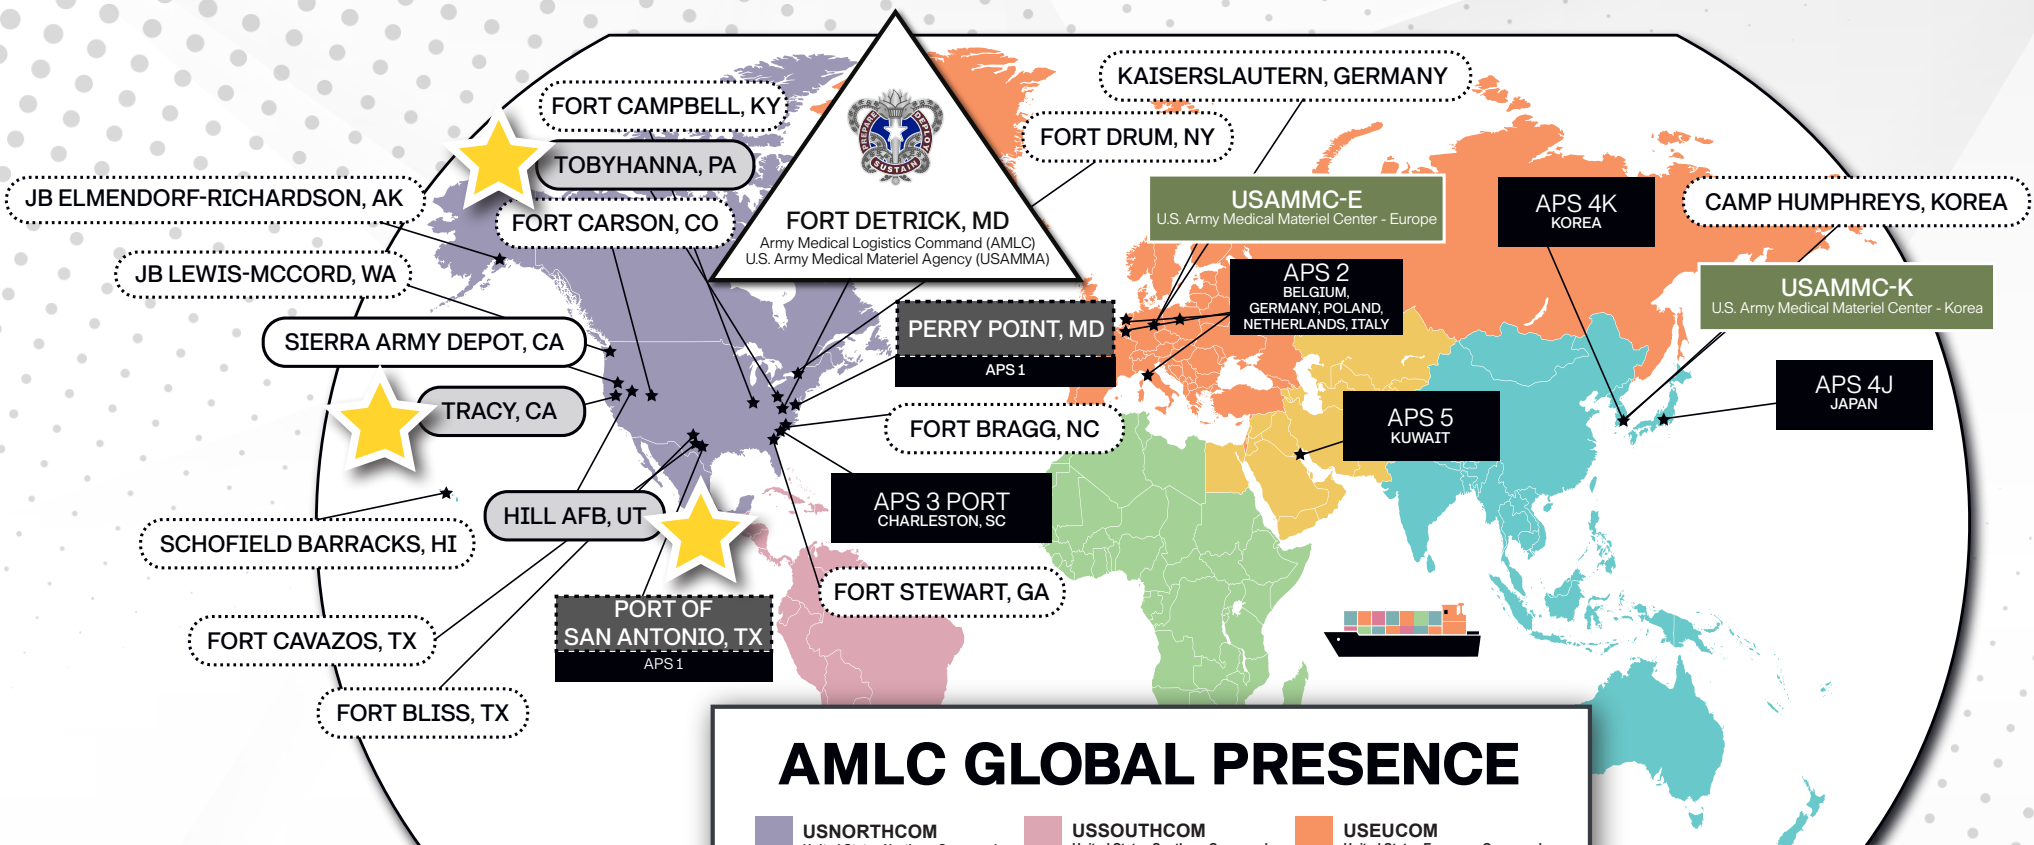

Manage and update
the medical materiel catalogue

Medical Foreign Military Sales (FMS)

USAMMA

delivers medical materiel
readiness, synchronizing
and integrating strategic
sustainment, supply
support and maintenance
capabilities to enable
global health care
operations.

U.S. ARMY MEDICAL MATERIEL AGENCY (USAMMA)

USAMMA operates three stateside Medical Maintenance Operations Divisions (MMODs) that execute sustainment-level maintenance for their regions and serve as a Centers of Technical Excellence:

MMOD - UT
Hill Air Force Base, UT
Pulmonary equipment, anesthesia equipment, and oxygen concentrating equipment

MMOD - CA
Defense Distribution Depot Tracy, CA
Medical imaging equipment, and Special Purpose Test, Measurement & Diagnostic Equipment (SP-TMDE)

MMOD - PA
Tobyhanna Army Depot, PA
Clinical (field) lab equipment

USAMMA provides medical logistics support for several Department of Army readiness programs to include acquisition, storage, distribution and transfer of prepositioned stocks located ashore and afloat, as well as medical chemical defense packages and short shelf life pharmaceuticals and other materiel. As part of the force projection strategy, these programs contribute to the Army's ability to rapidly deploy decisive power worldwide.

Army Prepositioned Stock (APS):

- Brigade/Unit Sets
- Operational Projects
- War Reserve Sustainment

Contingency Stock:

- Medical Chemical Defense Materiel (MCDM)
- Centrally Managed Medical Potency and Dated Materiel Program (Unit Deployment Packages, or "UDPs")
- Medical Materiel Readiness Program (MMRP)
